

"Hechts' Greater Stores." "Hechts' Greater Stores." "Hechts' Greater Stores."

These hour sales will bring out enormous crowds!

—because they are offerings of enormous values. They are not equalled by other stores, and they are as much larger in proportion than the values offered elsewhere as the Washington Monument is higher than the Capitol. We make this comparison because we know it to be a fact.

The bringing out of such enormous crowds each Friday is thoroughly appreciated by smaller merchants on the square with these stores and on the square above. The truth was never more clearly spoken than when one of the other day remarked that "every merchant on this side of the street for two squares owes Hechts' hundreds of dollars because of the benefit they have received from Hechts' advertising." It is a fact! They are welcome to it! It is undoubtedly true that this store "made" this side of 7th street the business block it is today.

We ask no thanks for all this. We have asked for your patronage, effecting in return greater values than others offered you and you have given it.

The privilege of having the smallest purchase "charged" is offered you. Many did not know that!
